Timber

WHO WE ARE?

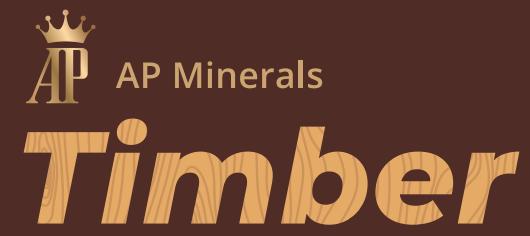

AP Timber is a leading provider of customised sawn timber to a wide range of customers in various industries ranging from construction material, timber frame construction, roofing, furniture, joinery, fencing, pallets, packaging and a variety of components and assembled products.

AP Timber was established in 2014, it has achieved remarkable success by prioritizing the delivery of quality-driven products that consistently surpass customers' expectations. Through a steadfast commitment to excellence, AP Timber has undergone a remarkable transformation, establishing itself as a thriving sawmill enterprise renowned for its exceptional customer service, punctual deliveries, and top-notch product offerings.

At AP Timber, we take pride in offering competitive prices without compromising on quality. To maintain our stringent standards, we forge strong partnerships with a handpicked group of suppliers who adhere to our rigorous quality criteria and precise specifications. As a result, our logs boast an unmatched level of consistency and exceptional quality AP Timber has processed numerous species of sawn timbers mainly Balau and Chengal and others such as Keranji, Meranti, Kempas, Keruing, Mixed Light Hardtimber, Acasia and Merbau.

OUR LEADERSHIP

AMIT PANDEY

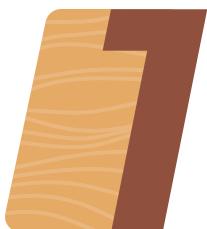

PRAMOD KOVE

“OUR PASSION FOR WORK AND CUSTOMER ORIENTED APPROACH IS CLEARLY SEEN IN OUR FUNCTIONING, WHICH IS DONE KEEPING OUR CLIENTS IN MIND.”

As part of our ongoing commitment to providing high quality timber products to our customers, we invest in state-of-the-art machinery to increase our processing capacity.

Correct in every way and true to our individual customer's specifications, our products are highly sought after by construction and other timber-based companies who are leaders in their marketplace.

OUR STRENGTH

Fast delivery with quality assurance

Tailor-made sawn timber to meet your size/length requirements

Capable of handling large volume orders

OUR PRODUCT

We can offer wider and longer solid wood and sawn timber Chengal and Balau.
e.g. 1" x 10" x 30', 8" x 8" x 28', 11" x 13" x 20'

Also, We offer rough-sawn or sanded and customize of cut to board sizes or various standard thicknesses, widths and lengths from wide choice of solid woods material - Chengal, Balau, Keranji and Nyatoh. We also provide wood moulding for the materials.
